

EVENTOMATIC

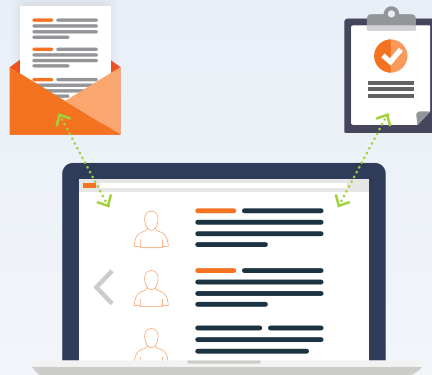

MANAGE EVENTS WITH EASE

By having the ability to seamlessly integrate a customized event management system into Raiser's Edge™ with a single view system, users will see all participants, guests, and necessary information on a common screen. EventOmatic also allows for full management of event details including the ability to add participants, gifts, registration fees, and placeholder guests with just one click. EventOmatic streamlines processes for users as well as providing comprehensive reporting of efforts. Better management of your events means better results with EventOmatic.
