MAILOMATIC

FOR ACCOUNTING

ELECTRONIC NOTIFICATIONS FROM ACCOUTING

MailOmatic for Accounting allows organizations to easily email invoices, paystubs, purchase orders and EFT notifications from within Financial Edge. No more printing invoices, stuffing envelopes, applying postage and spending valuable employee time on mundane tasks. A customized WYSIWYG editor allows the user to create customized HTML notifications to send to payees. Existing parameters such as password protection for employee paystubs and purchase orders are also easily configurable with automatically emailed passwords.
