

FINDOMATIC

SEARCH-ANYWHERE FIND-ANYTHING SOLUTION

FindOmatic is a simple to use tool for searching within Raiser's Edge or Financial Edge. FindOmatic generates instant results based on almost any parameter. Easily sort results with the drop-down options. Results are linked to records and a single click will open any record displayed. Duplicate checking allows users to select from a list of possible matches or auto pick an exact match. Search from within Raiser's Edge regardless of what you are doing in the program and eliminate the need to go back to the search screen.

INSTANT RESULTS

No wasted time searching for specific criteria within multiple systems

SAVE TIME

Eliminate the need to go back to the search screen in RE or FE
