IMPORT REPORT DATA INTO RAISER'S EDGE®

Apply fundraising best practices and data intelligence to enable greater outcomes from your organization's mission. The ImportOmatic Integration for Salesforce retrieves report-based data and imports it into Raiser's Edge. Now you can have the best of both worlds and utilize the power of Salesforce side-by-side with the leading fundraising solution, Raiser's Edge (RE). Seamlessly add actionable data to your database by scrubbing, merging, scoring and segmenting your most likely future donors in a snap.

DECLUTTER YOUR DATABASE

Reduce costs and limit inefficiencies while obtaining a clearer understanding of your data

STANDARDIZE

Translate data from disparate systems while seamlessly integrating into RE

CONVERT

Convert Salesforce dates into the correct format for RE—no dictionary creation required
