

Importomatic Import and Export Data from Any Source Quickly and Easily

“We have found that this particular process with the use of Importomatic has saved the organization an exponential amount of time, staff time, volunteer support, opening mail, processing deposits such as running checks and credit card information.”

JERRY GOMBATTO

*Director of Philanthropy
Data Operations Services,
San Diego Humane
Society SPCA*

There's No Better Way to Get Data in and Out of Raiser's Edge

Importomatic is a data integration tool so advanced, you'll be done in no time! Whether you want to drill down or set up a scheduled import, Importomatic redefines efficient with baked-in intelligence to clean data, smart profiles for tailored processing, and new connectors that make import and export one-step process.

With Importomatic You Can:

- Say goodbye to messy imports and hello to clean, standardized data
- Save time - and lots of it - by cleaning and standardizing data as you import to Raiser's Edge
- Stay on top of every detail or not, while Importomatic does the work for you
- Redefine efficiency with baked-in intelligence and enhanced automation
